Dr. Iler provides comprehensive psychological evaluations to both child and adult clients. Psychological testing is a broad service that can be utilized in identifying and treating emotional/behavioral struggles (i.e. depression and anxiety) or educational functioning (i.e., learning challenges and gifted abilities). While insurance companies typically cover services rendered for emotional/behavioral psychological evaluations, they do not cover services for psycho-educational evaluations. A typical psychological evaluation may range in cost from \$400.00 to \$2,500.00. The assessment battery for educational testing often varies from person to person, depending on the needs of the school, individual, or parent. While some insurance companies may agree to cover portions of psycho-educational battery, it is Dr. Iler's policy that the client is responsible for payment of the remaining total.

\_\_\_\_\_ Yes, I agree to the above policy of being responsible for psychological testing not covered by insurance.

\_\_\_\_\_ No, I do not agree to the above policy of being responsible for psychological testing not covered by insurance.

**Duty To Warn**

Although confidentiality and privileged communication remain the rights of all patients of psychotherapists according to state law, some courts have held that if an individual intends to take harmful or dangerous action against another human being, or against themselves, it is the psychotherapists duty to warn the person who is likely to suffer the results of the harmful behavior, or the family of the patient who intends to harm himself of such an intention.

State law requires that all mental health professionals report incidents of any type if child abuse to appropriate agencies.

The psychotherapist will under no circumstances inform such individuals without first sharing that intention with the patient. Every effort will be made to resolve the issue before such a breach of confidentiality takes place.

I have read the above and understand the psychotherapists' social responsibility to make such decisions where necessary.
